

MECAL TECHNICAL NOTE

MTN 13-3

Issued by the *MECAL* Technical Committee

LIFERAFT GRAB BAG

Reference: All Vessels – Section 13

1. Where the liferaft pack is supplemented by a grab bag to bring it up to SOLAS B specification, the equipment should be DoT approved or of equivalent performance (specifically sea anchor, radar reflector, TPA's)
2. Any flares required to be in the pack must be additional to those required for the vessel
3. The Cat.C medical kit and first aid manual required for the vessel can be carried in the grab bag and can also be considered as the liferaft medical kit
